If you have infinite superpower, what will you change in the world - and why?

What can you teach us?

## Social Inclusion

Riverside has been implementing the Right to Education Act since 2011-12. This was done by embracing the spirit of inclusion wherein each and every child has a right to education. We have been running an 'inclusive' programme and not an after school or remedial programme.

To give these children a world class, life shaping path, is what Riverside aims to do. At full capacity, we will serve 75 children. To ensure that we can continue to offer a life changing experience and serve them for the full 15 years of their education, we are seeking well wishers like yourself to make this journey sustainable.

Please tick here if you wish to open your hearts to support a child's education at Riverside.
